INFOACADEMY

Dear Radu Răzvan Gabriel

I want to **congratulate** you on completing the **Java Programmer** course as part at InfoAcademy®.
This hands-on, lab-oriented course has prepared you for tremendous career opportunities.

You have achieved student level credential for completing this course and acquired the following **capabilities**:

- **Declare variables and apply access control modifiers to store and manipulate data.**
- **Control program flow using iteration and decision structures**
- **Create and use arrays**
- **Apply the principles of Object-Oriented Programming when creating an application**
- **Utilize the Java API documentation.**
- **Use predefined classes for manipulating strings, date/time, mathematical operations etc**
- **Use Spring framework**
- **Implement exception handling in an application**
- **Write applications that use Java's I/O facilities**
- **Manipulate collections of objects using the Java Collections Framework**
- **Write code that declares and utilizes Java generic types**
- **Create programs that implement multi-threading and concurrency**
- **Interact with SQL databases using JDBC**

Sincerely,

Paul Fratila
